A. V. ALLEN Tenth and Commercial Streets

## SCHOOL BOOKS

And all kinds of School Supplies. We have them as usual. A ton of Tablets just received. PRICES LOWEST.

GRIFFIN & REED

## A New Blend of Coffee

We have an Eastern Blend of Coffee that we are putting on the market at 25 cents per pound. A bargain never before offered.

Fisher Bros., 546-550 Bond St.

## WE HAVE

Every desirable feature in late styles and materials. We can please you and guarantee you satisfaction.

## YOU HAVE

No risk to run, for our clothing is not excelled in the state or our prices beaten. You know what you're getting here.

P. A. STOKES,

Commercial St., Astoria, Ore.

## KILLED BY THE PANAMA REBELS

Richard Kane of Washington Shot in an Encounter With Revolutionists.

## VICTORY FOR GOVERNMENT

Scattered the Forces of Opposition, Killing Fifty, and Captured Two Schooners Loaded With Supplies.

PANAMA, Nov. 12.—The first American casualties as a result of the revolution occurred yesterday. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. The government warship Bogota (formerly the Jessie Banning) manned by an American crew and commanded by Captain Marmaduke, towed two boats with armed men. In the meanwhile the revolutionists were discovered in ambush close to the beach, and when the Bogota's boats pulled ahead the rebels opened fire on them, killing the ship's armorer, Richard Kane of Washington, who fought under Dewey at Manila. George Walker Clark and Lieutenant Vanque were wounded. The Bogota and Chucuito then opened fire on the enemy. One shot fired at a group of 10 rebels killed every one of them. Gunner Cross of the Bogota thinks from 40 to 50 rebels were killed. The schooner Helvetia loaded with rice, was captured, but the shot at the second schooner set her on fire and she was completely destroyed with her cargo. The body of Kane will be buried with military honors.

## AGED WOMAN KILLED.

Attempts to Escape From Burning Building and Dies.

NEW YORK, Nov. 12.—Rachel Rosenberg, 94 years of age, who was partly paralyzed and was injured in attempting to escape from the building in avenue C, which was wrecked yesterday by an explosion, is dead. The others injured, numbering nearly two score, are progressing favorably toward recovery.

## COST OF MOLINEUX TRIAL.

EXPENSE OF TRIALS OF NEW YORK MAN COST BOTH SIDES ABOUT \$500,000.

NEW YORK, Nov. 12.—It has been estimated that the trial of Roland R. Molineux has cost more than any other for a capital offense in any country where the English system of jurisprudence is in vogue. The cost to the city of New York in the first trial amounted to \$250,000. This was expended in various directions, largely in fees for handwriting experts who were brought from distant states, and for detectives who endeavored to trace Molineux's movements from his 15th birthday to the time of his arrest. The defense expended about \$75,000 in the first trial, and it is estimated that the total on both sides for the two hearings will foot up nearly \$500,000.

OUTPUT OF PRECIOUS METALS. America Shows Largest Production in Gold, Mexico in Silver.

WASHINGTON, Nov. 12.—George E. Roberts, director of the mint, has completed his report upon the production of precious metals for the calendar year 1901. Final figures for the world's output show that the United States produced \$78,660,700 in gold and \$32,128,400 in silver.

Australia comes next in gold production, the output being \$76,830,200. Mexico leads in the production of silver, the total output being \$34,583,900.

The world's production of gold is \$283,784,700, and of silver is \$104,909,100.

## LOSES HIS WEALTH.

THEN HIS MIND

French Miner Robbed of His Fortune Becomes Insane—Carelessly Displayed His Gold.

NEW YORK, Nov. 12.—Homeward bound with a bag of gold nuggets and his pockets full of cash, \$5000 in all, won in the mines of French Guiana, Jacques La Travers, a native of France has been robbed in this city and is now in the insane ward at Bellevue. Travers and his partner had reached this city on their way back to France,

and as neither understood English they took a room at a lodging house near the docks.

Both displayed their treasures carelessly and when Travers went out alone to purchase a watch he is believed to have been induced to drink drugged liquor. He returned shortly to his room, his gold gone. When he realized his loss, he became violently insane and was taken in charge by the police.

## EXPERIMENT IN FORESTRY.

State Park of 1300 Acres in New York Purchased for the Purpose.

NEW YORK, Nov. 12.—Under a new law which contemplates extensive experiments in the reforestation of barren lands, State Forester Muirford has purchased at \$4 an acre a tract of 1300 acres in Middlesex county for a state park, says a Times dispatch from Hartford, Conn.

The park will be used as an object lesson and tests will be made to determine what kind of trees are best adapted to different soils.

## ELECTIONS IN HAWAII.

REPUBLICANS WINN SWEEPING VICTORY AND ELECT PRINCE KUPU TO CONGRESS.

SAN FRANCISCO, Nov. 12.—The steamer Alameda, from Honolulu, brings the news that the recent election in the territory of Hawaii resulted in a sweeping republican victory. Prince Kalanialaole, popularly known as "Prince Cupid," was elected delegate to congress over Robert W. Wilcox, the incumbent and democratic candidate, by a majority of over 2000.

When the Alameda left the island port the full election returns had not been received. The island of Maui had not been heard from and the exact result of the election of candidates for the territorial legislature was uncertain. The legislature will be almost entirely republican, however, as 15 republican representatives and five senators are known to be elected. Maui, where the result is unknown, elects one senator and six representatives. When the Alameda is released from quarantine today a telegram from Governor Dole to President Roosevelt announcing the result of the election, as given above, will be sent to Washington by the purser of the steamer. Prince Kalanialaole, the congressional delegate-elect, is a full-blooded Hawaiian and in the past has been identified with the home rule party. Wilcox was elected in 1900 over Samuel Parker.

## MEETING OF ANARCHISTS.

GOVERNMENT DENOUNCED AT CELEBRATION OF HAYMARKET RIOT ANNIVERSARY

CHICAGO, Nov. 12.—The 15th anniversary of the execution, on November 11th, 1887, of the four anarchists convicted in connection with the Haymarket riot of May 4, 1886, was observed at a meeting at the north side Turner hall last night. The meeting was arranged by representatives of 32 different organizations, most of which are of anarchistic tendency.

L. S. Oliver presided at the meeting and speakers in German, Italian and English were heard. The most interesting was that of R. Grossman, a New York writer, who is under sentence of five years in Paterson, N. J., on a charge of inciting a riot. Grossman, who spoke in German, reviewed the events leading up to the Haymarket affair, criticized the trial, drew an inspiration from the execution and compared his own persecution in Paterson with that of the Haymarket rioters.

The Italian speaker, Giuseppe Ciancabilla, while understood by only a few of 2000 persons in the room, drew applause when he declared that labor had little to expect from the arbitration commission appointed by President Roosevelt in the miners' strike.

George Brown of Philadelphia, who spoke in English, arraigned all forms of government as inimical to liberty, and declared that anarchy's mission is to destroy government. He declared that when the bomb exploded in Haymarket square it showed that the government in a republic is like the governments all the world over.

"No matter what the form, government is organized injustice, maintained by violence," he declared. "The American people, he added, had blown for themselves a beautiful bubble. It was the belief that the government and liberty were identical. That bomb exploded the bubble."

## OLD FASHIONED BARBECUE.

ELKO, Nev., Nov. 2.—Judge G. F. Talbot gave a barbecue today to which everyone was invited, in honor of his election to the supreme bench. About 2000 people were fed with roast beef, mutton and pork in true '49 style.

## ULTIMATUM OF THE OPERATORS

Will Refuse to Recognize Miners' Union, and So Warn Commission.

## SAY THAT IS NOT AN ISSUE

Owners Agree in Resisting All the Demands of the Strikers, Including That For More Pay.

WASHINGTON, Nov. 12.—The anthracite coal mine owners will resist to the utmost every effort to make the recognition of the United Mineworkers of America an issue in the arbitration which is now in progress is made evident by the replies to the statement of President John Mitchell of the miners' organization, which have been filed with the strike commissioners. There are five of these answers in addition to that of President Baer, which was given out yesterday, and all dwell with especial emphasis and marked unanimity on this point. They also agree in resisting the demands of the miners for an increase of pay for piecework, a reduction of hours for timework, and for the weighing rather than the measurement of coal.

Recorder Wright left for the anthracite regions today, taking these replies with him. In addition to the statement of the Reading company by President Baer, the list comprises the replies of the Delaware & Hudson Co., the Lackawanna, the Lehigh Valley, the Pennsylvania and the Scranton Coal company.

The reply of the Delaware & Lackawanna Railway company to President Mitchell's statement is signed by W. H. Truesdale, president, who says that the company owns 25 anthracite collieries and employs 12,000 workmen in this branch of its business. Mr. Truesdale, like Mr. Baer, objects to making the recognition of the union one of the issues to be considered by the commission, saying that in the proposition made by the company for arbitration one of the express conditions was "that the findings of the commission should govern the conditions of employment between it and its employees." He adds:

"This company unequivocally asserts that it will under no conditions recognize or enter into any agreement with the association known as the United Mineworkers of America or any branch thereof. Nor will it permit said association or its officers to dictate the terms and conditions under which it shall conduct its business."

President Oliphant of the Delaware & Hudson company in his reply declares that the wages paid by his company are just and adequate. He also says that "those of its employees who perform contract or piecework work as a matter of their own volition about six hours a day and take numerous holidays, without the consent or approval of this respondent, and their earnings, by hours of actual work are, therefore, much higher than those in similar employment."

Denial is made of the allegations in connection with the demand for shorter hours and it is contended that such a reduction necessarily would increase the price of coal.

President Oliphant takes exception to the proposition to arbitrate the question of the recognition of the miners' union on the ground that the organization seeks to control the entire fuel supply of the country; that as the union is unincorporated it is incapable of making a binding contract and that the association has shown its inability to control its own members. He says his company has no desire to discriminate against members of the union.

President Fowler asserts that if the average wage earned by the anthracite pieceworkers is less than that paid in other employment it is because "they fix their own hours of labor and the amount of their earnings without any regard to the interests or wishes of their employers and in total disregard of the earnings and welfare of every other class of employees."

All other charges made by Mr. Mitchell are combatted and on the question of the miners' union Mr. Fowler said:

"We deny that agreements between employers and employees through workingmen's organizations are beneficial in the bituminous coal fields or elsewhere and assert that any such agreement as a method of regulating production would be and is injurious to the best interests of the public."

SALMON CARGO FOR EUROPE. SAN FRANCISCO, Nov. 12.—The British ship Osborn cleared today for

Liverpool with 61,000 cases of salmon. This makes 231,400 cases of salmon shipped from this port for Europe since the middle of September.

## RULERS ARE HUNTING.

President Goes to Mississippi, While William Shoots in England.

CINCINNATI, Nov. 12.—Tonight President Roosevelt is speeding down through Kentucky on his way to Smades, Miss., about 25 miles north of Vicksburg, for four days' bear hunting.

The president's trip across Ohio today was uneventful. Despite the fact that his itinerary had not been published in advance, there were waiting crowds at almost all stations.

## WILLIAM A GOOD SHOT.

SANDRINGHAM, England, Nov. 12.—Emperor William today proved his prowess as a remarkable shot. King or members of the party are all good members of the party are all good shots, but twice as many pheasants fell to Emperor William's gun as to those of the others.

## SEVERE TEST FOR LAWYERS

SWEEPING REQUIREMENTS TO BE HEREAFTER COMPELLED IN PENNSYLVANIA.

PHILADELPHIA, Nov. 12.—The supreme court of Pennsylvania has promulgated new rules to gain admission to the bar, completely revolutionizing the system in force for more than a century. Admissions on law school diplomas are abolished. Registration is required at the commencement of the course of three years' study, but a preliminary examination must be passed in English literature, universal history, history of England and the United States, arithmetic, algebra, geometry, geography and Latin. Caesar, Virgil and Cicero. Three years of preparation after registration must be passed either in an approved law school or by service of bonafide clerkship in a law office.

## ITALY IS AROUSED

WILL MAKE AN INTERNATIONAL MATTER OF THE ARREST OF MASCAgni.

ROME, Nov. 12.—According to Tribuna, Italy proposes to make an international matter of the arrest in Boston of Mascagni, the composer. Tribuna today says:

"Mascagni has telegraphed Premier Zanardelli requesting the intervention of the Italian government to protect him from the vexatious treatment of which he says he has been a victim in America. Signor Prinetti, minister of foreign affairs, immediately took up the matter."

## CHOLERA ATTACKS TROOPS.

Seven Men Have Died and Number of Others Are Ill.

MANILA, Nov. 12.—Cholera made its appearance yesterday among the men of a detachment of the Fifth infantry, which is stationed here. Seven men have already died and a number others are seriously ill.

The detachment of the Fifth infantry in question had been placed on guard along the Maraguina river, whence Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. Cholera developed while the men were on duty.

## ERUPTION DOES AWFUL DAMAGE

Lava and Ashes From Guatemala-lan Volcano Buries Several Towns Several Feet.

## LOSS OF LIFE IS APPALLING

President Cabre Is Keeping Back Information, but Officers of Newport Say Great Damage Is Wrought.

SAN FRANCISCO, Nov. 12.—The steamship Newport, arriving today from Panama, brings additional details of the recent eruption of Mount Santa Maria, in Guatemala. According to the officers of the Newport, the destruction of life and property has been immense. The necessity for relief is urgent.

Coffee plantations in the districts of Costa Rica, Chiriqui, Palmar, Costa Grande and Kothuts have been buried seven feet deep in volcanic ashes and debris. Thousands of cattle have been destroyed and the loss of human life is thought to have been immense.

When the Newport was at Champerico the officers found the people of that port in a panic-stricken turmoil. President Cabre has resorted to the most vigorous means to prevent particulars of the extent of the damage from reaching the outside world. All telegrams and cable messages are strictly censored.

The Newport brings news of the total destruction of the towns of Palmar, San Felipe, Colombia and Coatepe. These places are completely buried in the debris.

## DAWSON MAIL LOST

CARRIER CAUGHT IN THE ICE IN YUKON—STEAMER LA FRANCE ALSO FROZEN IN.

VICTORIA, Nov. 12.—The steamer Amur, from Skagway, reports that the Yukon has been frozen solid and that the steamer La France was caught and held in the ice while enroute down, near Min'a. She will remain there all winter and fears are expressed that she may be crushed by the ice.

The carrier was caught in the ice and lost all the mail for Dawson.

## GOVERNMENT IS ROBBED BY TRUSTED EMPLOYE

Starts for a Bank to Deposit Funds and Crosses the Atlantic.

NEW YORK, Nov. 12.—A large reward has been offered on behalf of his government by Austro-Hungarian Consul-General Deszeofsky of this city for the arrest of Victor Keskemethy, who is charged with having left Budapest with \$117,000 in government funds which he was carrying to a bank.

Keskemethy was located in this city recently, and it is said, obtained a respite by offering to return the money on condition that there should be no prosecution. While the offer was being considered he is alleged to have disappeared.
